Yn y cyfamser, bydd y Clerc yn ymateb i'r ymgynghoriad presennol erbyn 26 Mawrth. The Chair welcomed both Dylan Llewelyn Jones and Sian Peters from the IOACC Highways Department (Strategic & Sustainable Transport Section) to discuss the proposed Anglesey's Active Travel Network Map Review and Initial Public Consultation 2026 for Gaerwen. A lengthy and constructive presentation and discussion took place that mainly concentrated on improving and creating a safer area along Lon Groes and Chapel Street for pedestrians and cyclists and also to reconsider replacing the bus shelter and develop the area opposite Stermat and draft plans were left for the Council and Cllrs to look at in more detail. In the meantime, the Clerk will respond to the current consultation by the 26th March. The Chair thanked both Officers for coming along to meet the Councillors and for giving up their time to listen to Cllrs observations and for sharing the plans and proposals.

9	**Safle Parcio & Teithio Gaerwen**	**Gaerwen Park & Ride Site**
	Roedd y Clerc wedi derbyn e-bost gan Bennaeth Tai CSYM mewn ymateb i'r llythyr a anfonwyd i gwyno am y defnydd parhaus a dros dro o'r safle i ddarparu llety i Deithwyr a'r llanast a'r fandaliaeth a adawyd. Yn y cyfamser, roedd y Cynghorwyr yn gobeithio y byddai Cyngor Sir Ynys Môn yn hysbysu'r Cyngor Cymuned pan fyddai'r safle'n cael ei feddiannu a bod ymweliadau safle rheolaidd a monitro agosach yn cael mwy o flaenoriaeth.	The Clerk had received an email from the IOACC Head of Housing in response to the letter sent to complain about the continued and temporary use of the site to accommodate Travellers and the mess and vandalism that had been left. The response had been shared with all Cllrs prior to the meeting and everyone was deeply disappointed with the reply and its contents and felt that more effort should be made to secure Welsh Government funding to complete the designated site in Star. In the interim, Cllrs hoped that the IOACC will inform the Community Council when the site was being occupied and that regular site visits and closer monitoring is given more priority.
